CASH DRAWER · AUTOMATIC RJ11 OPENING

ADV-5421

4 bill and 8 coin compartments · steel · one million openings

IT OPENS ITSELF WHEN THE RECEIPT PRINTS
Wired to the printer over RJ11, with no button or key

Cash drawer in **cold-rolled steel** with 4 bill compartments and 8 for coins. It opens **automatically when the receipt prints** over a 24 V RJ11 connection, and it has a three-position lock with a manual emergency release. **One million openings** of service life.

THE DRAWER THAT COMPLETES THE TILL

WHAT IT SOLVES

Order, security and automatic opening

RJ11 opening
The printer sends it a 24 V pulse when the receipt is issued and the drawer opens on its own.

3-position lock
Locked, open or electronic, with a manual emergency release if the power goes out.

Removable tray
Four bill slots with metal clips and eight for coins, in a tray that lifts out in one piece.

One million openings
Cold-rolled steel with textured powder coating: it stands up to daily use for years.

ADVANCE

ACCADV5421BK

The Epson RJ11 standard: the drawer does not connect to the computer but to the receipt printer, with a 6-pin RJ11 cable. That connector follows the standard Epson set and almost the whole industry adopted, so it works with most POS printers on the market. It is worth checking that the printer has that port before quoting.

WHERE IT FITS

Made for corner stores, restaurants and pharmacies

ORDER IN THE TILL

Every denomination in its place

Four bill dividers from 69 to 77 mm wide, eight for coins and a document slot: balancing the till stops being a problem.

- 4 bills and 8 coins
- Metal bill clips
- Document slot

CASH CONTROL

It only opens when it should

In the electronic position it only opens when the receipt is issued: every opening is on record and the cashier cannot open it at will.

- 3-position lock
- Emergency release
- 2 keys included

INSTALLATION

No outlet needed

It draws power from the printer over the RJ11 cable: one outlet for the whole checkout station.

- Powered by the printer
- Epson standard compatible
- CE and RoHS certified
