THERMAL RECEIPT PRINTER · COUNTER AND KITCHEN

ADV-8011N

300 mm/s with auto cutter · USB, LAN and Bluetooth · rugged

RESISTS SPLASHES, OIL AND DUST
Built to live next to the kitchen

A thermal receipt printer for the counter: **300 millimeters per second with auto cutter**, 58 and 80 mm rolls and connection over **USB, Ethernet and Bluetooth**. A housing **that resists splashes, oil and dust**, with a port to open the cash drawer and wall mounting.

TILL SPEED, KITCHEN TOUGHNESS

REFERENCE IMAGE

SPEED	CUTTER	PAPER	PRINTHEAD
300 mm/s	Automatic	58 and 80 mm	150 km

WHAT IT SOLVES

Made so the queue at the till never stops

300 mm/s with a cutter
It prints and cuts on its own: the receipt is ready in under a second, with nobody having to tear the paper.

Rugged for the environment
A housing that takes splashes, oil and dust: it survives the kitchen of a restaurant or a workshop.

It opens the cash drawer
A 24 V RJ11 port: when the receipt prints, the drawer opens on its own, with no button or key in between.

USB, network and Bluetooth
Ethernet 10/100 to share it between several tills, plus USB and Bluetooth for everything else.

ADVANCE

Part number
PRADV8011N

Why toughness matters: an order printer lives next to the grill: it gets steam, grease in the air and dirty hands all day. An office printer fails there within months. This one is built for that, and it also **mounts on the wall**, which is where you want it when the counter is full.

WHERE IT FITS

Made for the till, the kitchen and the counter

TILL AND SERVICE

The receipt keeps nobody waiting

300 millimeters per second with auto cutting and drawer opening: the sale is closed with no manual steps.

- 300 mm/s over USB and LAN
- Auto cutter
- RJ11 port for the drawer

KITCHEN AND ORDERS

Where other printers do not last

Resistance to splashes, oil and dust, plus wall mounting: the order ticket prints where the work happens, not in the office.

- Resists oil and dust
- Wall mounting
- Operation from 5 to 45 °C

HEAVY USE

Made for years of service

150 km of printhead life and a million and a half cuts: professional figures, not desktop printer ones.

- 150 km printhead
- 1,500,000 cuts
- Easy paper loading

DATASHEET · THERMAL PRINTER

Printing, paper, connectivity and power

PRINTING

Technology	Direct thermal · no ink or toner
Speed	300 mm/s over USB and LAN · 250 over Bluetooth
Resolution	203 DPI · 576 dots per line
Language	ESC/POS
Codes	1D and 2D · QR codes
Cutter	Automatic · 1,500,000 cuts

PAPER AND DURABILITY

Paper	58 and 80 mm · 72 mm print width
Roll diameter	Up to 80 mm · easy loading
Printhead life	150 km
Memory	2048 KB buffer + 256 KB flash

CONNECTIVITY

Interfaces	USB · Ethernet · Bluetooth
Systems	Windows · Linux · Android · iOS
