DUAL THERMAL PRINTER · LABELS AND RECEIPTS

ADV-9013N

Labels from 20 to 82 mm and 80 mm receipts · 203 DPI · USB, Bluetooth and WIFI

THE ONLY ONE IN THE LINE WITH WIFI
Print from anywhere on the network, with no cables

A dual thermal **printer**: it prints labels from 20 to 82 mm and 80 mm receipts at 180 mm per second, at 203 DPI. It connects over **USB, Bluetooth and WIFI**, speaks TSPL, ESC/POS and CPCL, and includes a **peel-off mode** that peels the label on its own.

LABELS AND RECEIPTS, NOW OVER WIFI

REFERENCE IMAGE

SPEED	RESOLUTION	LABELS	CONNECTION
180 mm/s	203 DPI	20 to 82 mm	USB · BT · WiFi

WHAT IT SOLVES

Label and invoice from the same unit

Labels and receipts
Labels from 20 to 82 mm with a gap sensor and 80 mm receipt rolls, all in a single unit.

Peel-off mode
It peels the label off the liner and leaves it ready to take, with no separating them by hand one by one.

WIFI connection
The only one in the line with WiFi: it joins the store network and takes jobs from any device.

PDF417 and QR codes
On top of every 1D code: PDF417 is the format logistics and official documents ask for.

PRADV9013N

What peel-off means: labels come stuck to a liner and have to be peeled one by one. The **peel-off** mode does it for you: it separates the label and leaves it sticking out, ready to take with one hand. In high-volume labeling that changes the time per unit; without it, each label takes two hands and several seconds.

WHERE IT FITS

Made for the warehouse, the shop and the workshop

HIGH-VOLUME LABELING

Big rolls and automatic peeling

It takes label rolls up to 120 mm in diameter and peels them on its own: fewer roll changes and less time per unit.

- Label roll up to 120 mm
- Peel-off and tear-off modes
- Up to 180 mm long

SHARED ON THE NETWORK

One unit, several desks

With WiFi it joins the business network and any computer or phone sends it jobs, with no cable and no pairing first.

- WiFi, Bluetooth and USB
- TSPL, ESC/POS and CPCL
- 4 MB flash + 320 KB RAM

HEAVY USE

Every code in use

Ten 1D barcode formats plus PDF417 and QR: it covers inventory, prices, shipping and documents with a two-dimensional code.

- 10 1D codes
- PDF417 and QR
- Gap and cover sensors

DATASHEET · THERMAL PRINTER

Printing, paper, connectivity and power

PRINTING
