ADV NCE

Part number
BBADVMP3155

BAREBONE MINI PC · NO MEMORY, NO DRIVE

ADV-MP3155

Intel N95 · TPM 2.0 · WiFi 6 · just 30 W · 12.8 cm per side

IT SHIPS WITH NO MEMORY AND NO DRIVE
The integrator picks the DDR4 RAM and the M.2 SSD

A **barebone mini PC** 12.8 centimeters per side with an Intel N95 processor up to 3.40 GHz and a **TPM 2.0 security chip**. It takes up to 16 GB of DDR4 RAM and M.2 SSDs up to 2 TB, with WiFi 6, Bluetooth 5.2 and gigabit networking. It draws only **30 W**.

THIRTY WATTS TO WORK ALL DAY

PROCESSOR	EXPANDABLE RAM	EXPANDABLE STORAGE	POWER DRAW
Intel N95	Up to 16 GB	Up to 2 TB	30 W

WHAT IT SOLVES

Low power draw, security and minimal size

Intel N95 up to 3.40 GHz
With 6 MB of Intel Smart Cache and UHD graphics: enough for office work, browsing and admin.

Up to 16 GB and 2 TB
One SO-DIMM DDR4 slot at 3200 MT/s and an M.2 bay: it gets configured to suit the use and the budget.

TPM 2.0 chip
Hardware security for disk encryption and a Windows 11 requirement, uncommon at this price point.

WiFi 6 and gigabit network
Wireless connection on 802.11ax at 2.4 and 5 GHz, Bluetooth 5.2 and a 1 Gbps wired network port.
