NOVAPAD TABLET · METAL CHASSIS

ADV-NP6070

10.95" Full HD IPS · T616 octa-core · 8 GB and 128 GB · Android 15

FULL HD 1920 × 1200 DISPLAY
More than twice the pixels of a WXGA tablet

10.95-inch tablet with a **1920 × 1200 Full HD IPS** display, a T616 octa-core processor, **8 GB of RAM and 128 GB** expandable, Android 15, an 8000 mAh battery, 13 MP and 8 MP cameras, 4G LTE connectivity and a metal chassis.

THE MOST COMPLETE TABLET IN THE LINE

WHAT IT SOLVES

The full step up: display, memory and battery

Full HD 1920 × 1200
More than twice the pixels of a WXGA screen: text looks sharp and video plays at native resolution.

T616 with 8 GB of RAM
Eight-core processor at 2.0 GHz with 8 GB of memory: several apps open at once without slowing down.

8000 mAh battery
60 % more capacity than a 5000 mAh tablet: enough for a long day of video or classes.

Metal chassis
Metal body in a silver finish: stiffer and with better heat dissipation than plastic.

ADVANCE

Part number
TBADVNP6070SL

From WXGA to Full HD: a WXGA screen of 800 × 1280 has close to one million pixels; this one, at 1920 × 1200, goes past 2.3 million. At eleven inches that means going from about 149 to 207 pixels per inch: the edges of letters stop looking jagged and Full HD video plays at its real resolution.

WHERE IT FITS

Made for anyone who asks more of a tablet

CLASSES AND VIDEO CALLS

It looks good on both sides

An 8 MP front camera, four times that of a basic tablet, above a Full HD screen of almost 11 inches.

- 8 MP front camera
- 13 MP + 2 MP rear camera
- 10.95" Full HD display

PERFORMANCE

Several things at once

An eight-core T616 with 8 GB of RAM and Android 15: it holds a video call, a document and a browser open at the same time.

- T616 octa-core at 2.0 GHz
- 8 GB of RAM · 128 GB
- Android 15

MOBILITY

Big battery and a metal body

8000 mAh for the whole day, a metal chassis that travels better and 4G LTE with GPS for working outside the office.

- 8000 mAh battery
- Metal chassis
- 4G LTE and GPS
