## WHAT IT SOLVES

### Modern ports, privacy and a large screen

**Camera shutter**
A physical latch covers the lens: the camera cannot be used even if an app tries to turn it on.

**Two USB Type-C ports**
Rare in this range: two USB-C plus three USB-A, for new and older accessories alike.

**Celeron N4500**
From 1.10 to 2.80 GHz with Intel UHD graphics, 8 GB of RAM and a 256 GB SSD: right for office work and browsing.

**Gray or blue**
Two finishes of the same machine, to split stock at the counter or segment by audience.

**Ships with no operating system:** the notebook ships with **FreeDOS**, not Windows: the license has to be added to the quote, or a free Linux distribution installed. Worth saying up front when quoting, because the price does not include the operating system, and that is the usual gap between two quotes that look identical.

WHERE IT FITS

## For the office, the classroom and a first laptop

STUDY AND OFFICE

### Full-size screen and keyboard

15.6-inch Full HD IPS screen with a Spanish keyboard and touchpad: room for documents, spreadsheets and online classes.

- 15.6" Full HD IPS
- Spanish keyboard
- 2 W stereo speakers

PRIVACY AND SECURITY

### Three layers others skip

A physical shutter covers the camera lens, and a Kensington slot secures the laptop in a classroom or shared office.

- Camera shutter
- Kensington slot
- Built-in microphone

COMPLETE CONNECTIVITY

### Six ports and wired network

Two USB-C, three USB-A, HDMI and RJ-45: projector, campus network and peripherals with no dongles in between.

- 2 USB-C and 3 USB-A
- HDMI and RJ-45 port
- WiFi 802.11ac and Bluetooth 5.1
