WHAT IT SOLVES

A tablet you can also write on

4G with dual SIM
Two nano SIM slots with 4G, 3G and 2G bands: it browses on mobile data where there is no WiFi network.

Flip cover included
It comes in the box: it protects the screen in transit and props it up for watching content.

T310 with 4 GB of RAM
2.0 GHz processor with Android 13 and 64 GB of storage, expandable via microSD.

5000 mAh battery
Big-phone capacity in a body 9.5 mm thick, charging over USB Type-C.

The hybrid slot: the tablet takes two nano SIMs at once, or one nano SIM plus a microSD, but not all three at the same time. Say so during the sale: anyone who needs two lines gives up the external memory, and anyone who expands the storage runs a single line. It is the usual confusion in 4G tablets.

WHERE IT FITS
