WHAT IT SOLVES

Light, protected and ready for a first tablet

Android 11 Go
The light version of Android: it takes less space and Go apps open faster on little memory.

Silicone cover
In the box: it cushions falls and adds grip, which is what small hands need most.

FM radio
Tunes stations without using data or needing WiFi, which almost no tablet offers today.

Dual-SIM 3G
Two SIM slots with 3G and 2G bands, plus WiFi and Bluetooth to connect at home.

TBADVTR6955GRN

What Android Go is: Go is the version of Android that Google designed for devices with little memory. It takes less space, and the Go apps —YouTube Go, Gmail Go, Maps Go— are lighter versions that start up faster. That is why 2 GB of RAM go further here than on a regular Android.

WHERE IT FITS

Made to start with: for the kids and for the budget

FOR THE YOUNGEST

Protected from the box

Seven inches fit small hands, and the silicone cover softens the falls that a child tablet will take sooner or later.

- Silicone cover included
- 7" IPS display
- Advance App Store

NO WIFI, NO DATA

FM radio and dual SIM

FM radio needs no internet, and the two SIM slots allow mobile data where a wireless network does not reach.

- Built-in FM radio
- Dual SIM slots
- 3G and 2G bands

FIRST PURCHASE

The entry step into the line

For a first-ever tablet: it brings an app store, an audio and video player, a headphone jack and 32 GB that can be expanded.

- 32 GB · microSD up to 32 GB
- 3.5 mm jack
- Google Play and Advance App Store
